## PROJECTS

---

### Pustakalya — Online platform for buying and selling books

November 2024

*Tools Used: React, Firestore, Cloudinary, Leaflet*

- Developed a full-stack web application for book transactions.
- Integrated Firestore to manage user data, listings, and transactions.
- Utilized Leaflet for map-based address input.
- Built distinct user and seller portals with access control.
- Ensured full mobile responsiveness across all views.

### Expense Wallet — Personal expense tracking application

April 2024

*Tools Used: EJS, Express.js, PostgreSQL*

- Created a full-stack web application for tracking daily/monthly expenses.
- Designed an interactive dashboard for financial insights.
- Used EJS for server-side rendering.
- Built RESTful APIs for all CRUD operations.

## CERTIFICATES

---
